Contains over 1,570 expert witnesses indexed by over 21,000 categories.

SEAK’s 2017 Expert Witness Directory

- Over 1,570 expert witnesses, indexed by over 21,000 categories and key words
- Searchable free online at www.seakexperts.com or through the detailed print index
- Attorneys contact experts directly, with no middleman
- Detailed information on listed expert witnesses includes:
  - Education
  - Number of years in practice
  - Number of times the expert witness has testified in the last 4 years
  - Areas of expertise
  - Subspecialties, special skills, and experience
  - Contact information including Email and Web site
  - Much, much more

Search online at www.seakexperts.com

About SEAK, Inc.

SEAK, Inc. is the expert witness training company. SEAK has trained thousands of expert witnesses through our seminars, conferences, on-site corporate training, and by working one-on-one with individual experts. Our training is hands-on and covers areas such as report writing, depositions, direct examination, cross examination and ethics. SEAK is retained by both individuals and law firms to train and prepare expert witnesses.

For more information please visit www.testifyingtraining.com or call (508) 457-5150
With more than 45 radiologists and 40 years of experience, MBB is exceptionally well qualified to offer professional consultation on virtually every legal case involving radiology. So when your case relies on expert radiology opinion, take a closer look at MBB.

Dr. Livingstone is a physical medicine and rehabilitation specialist (physiatrist) in Lake Havasu City, Arizona. He practices general physiatry (rehab. medicine) and electrodiagnosis (EMG). He is board certified by the American Board of Physical Medicine and Rehabilitation, having developed an interest in this field because of his personal experience after a motor vehicle accident resulted in spine and spinal cord injuries and L-2 paraplegia at the age of eighteen.

William Dillin M.D.

Spine Surgery and Spine Medicine Consultant

The concepts of Evidence Based Medicine have been the cornerstone of Dr. Dillin’s education during his spine surgery fellowship in Neurosurgery and Orthopaedic Surgery and the format for decision making in his subsequent practice.

The critical analytic features inherent in the ‘best evidence’ approach to patients have permeated his writing and his lectures, allowing flexible adaptation as the science has changed. The combination of logical clinical analysis based on these principles, and twenty five years of experience exclusively devoted to spine surgery and spine related problems, allows specialty focus on any Independent Medical Evaluations or Medical-Legal Reviews.

William Dillin, M.D. is a spine surgery and spine medicine consultant at the Kerlan-Jobe Orthopaedic Clinic. The Kerlan-Jobe physicians serve as consultants to the Los Angeles Dodgers, Los Angeles Lakers, Los Angeles Kings, Los Angeles Sparks, Los Angeles Angels of Anaheim, Anaheim Mighty Ducks, Loyola Marymount University and USC Trojan Football.

Chemistry & Chemicals, Intellectual Property—Polymers, Polymer materials selection, Polymer product liability, Patent infringement analysis, Thermosetting polymer curing and processing, epoxy chemistry, composites, adhesives and coatings, laminates, rheology and flow, polymers used in electronic applications, polymer characterization expert
PhD-Northwestern University; BSME-Marquette University
Deposed/Testified Last 4 Yrs: 120+
Years in Practice: 24
Jeffrey T. Gotro, Ph.D.
Expert in Polymers/Plastics

- Specialty in polymers (plastics); chemistry, physics, testing
- Expert in polymers used in electronic applications (adhesives, coatings, laminates, substrates, semiconductor packaging)
- Specialist in thermosetting polymers (epoxy, adhesives, rheology, flow, physical property characterization, thermal analysis, curing)
- Polymer (plastics) product liability, materials selection, fitness for use
- Intellectual Property litigation; patent infringement, patent reexaminations
- Expert witness, litigation support, consulting
- Over 30 years in the field of polymer science

Education:
Northwestern University, Ph.D. in Materials Science with specialty in polymer science
Marquette University, BSME in Mechanical Engineering

Board certified in Family Medicine, family physician in clinical practice with excellent oral and written communication skills. Experience treating a pediatric, adult and geriatric patient population with a wide range of conditions and presentations including: high blood pressure, cardiovascular disease, obesity, diabetes, infections, influenza, chest pain, pneumonia, headaches, back pain, depression, anxiety, ADHD, pain management, gynecologic issues, early pregnancy complications, alcohol dependency, tobacco abuse, skin rashes, abdominal pain, cough, and sinus and ear issues. Regularly perform screening for cancer, heart disease, diabetes, hyperlipidemia, and hypertension.

Committed to delivering thorough, high-quality and timely reports along with rock solid testimony on the stand and in depositions. In addition, a reasonable fee schedule and an easy going personality to work with.
Ioannis Kanellakopoulos, PhD
Bay Area, California

Expert Witness in Automotive (driver assistance systems, autonomous vehicles, adaptive cruise control) and
Telecommunications (Networking, DSL, Ethernet)

Automotive: driver assistance systems (adaptive cruise control, blind spot monitoring, lane keeping, vehicle collision avoidance), autonomous vehicles, self-driving cars, hybrid powertrains, electric vehicles; Telecommunications: Networking, DSL, Ethernet, physical layer; Control Systems

Dr Kanellakopoulos is an IEEE Fellow who has designed and built carrier-grade telecom products such as DSL and Carrier Ethernet hardware and software, as well as a prototype autonomous electric vehicle that has been used for research purposes in multiple college campuses. He has conducted extensive research in adaptive control of nonlinear systems, with applications to automotive control systems, specifically driver assistance systems and autonomous vehicles. He is a recipient of multiple international awards.

Education:
PhD, Electrical Engineering, University of Illinois at Urbana-Champaign
MS, Electrical Engineering, University of Illinois at Urbana-Champaign
BS, Electrical Engineering, National Technical University of Athens

Dr. Rutchik is a physician who is board certified in both Neurology and Occupational and Environmental Medicine. He is also a California State Qualified Medical Examiner with more than 15 years of experience.

He provides clinical evaluations and treatment, including electromyography, of individuals and populations with suspected neurological illness secondary to workplace injuries or chemical exposure.

Other services include independent medical examinations, medical record review, and consulting to industrial, legal, government, pharmaceutical and academic institutions equally for plaintiff and defense claims, specializing in toxic tort, personal injury and product liability related to neurology. Dr. Rutchik is licensed in CA, NY and MA, ID and NM.

He has offices in the SF Bay area: San Francisco, Petaluma and Richmond as well as Sacramento and Humboldt County California.

Christopher M. Davey, M.D.

Wound Specialist

30+ Years Experience

Originally from England, Dr. Davey attended medical school in London and subsequently trained as a pathologist at Mount Sinai Medical Center in Miami, FL. He has practiced in both adult and geriatric medicine continuously since 1987. He is Board Certified by the American Academy of Wound Management as a Certified Wound Specialist. Dr. Davey is also a trained Hyperbaric Specialist (treating wounds with a high pressure oxygen chamber).

He has testified extensively for both plaintiff and defense in cases involving diabetic wounds, falls, bedsores, pressure ulcers, complex medical cases, hospital and nursing home standard of care cases. His pathology background gives him the expertise to also render opinions on cause of death issues. Dr. Davey also has some experience with criminal defense work as well as civil cases.

Robert J Kowalski, MD, FAANS, FACS, MS, PE
Neurosurgeon

Specialty Areas: Neurological Surgery Expert Witness

Neurosurgery, Spine Surgery, Cranial Surgery, Spine Trauma, Cranial Trauma, Spinal biomechanics

Dr. Kowalski is board certified by the American Board of Neurological Surgery and is a Fellow of both the American Association of Neurological Surgeons and the American College of Surgeons. He completed a neurosurgery residency as well as a fellowship in complex spinal surgery at the Cleveland Clinic Foundation. He has extensive trauma experience, including a deployment in support of Operation Enduring Freedom (Afghanistan).

Dr. Kowalski is a physician with an active, full-time clinical practice based in Clearwater, Florida, encompassing all aspects of cranial and spinal surgery. Dr. Kowalski also has a BS and MS in mechanical engineering and is an active Registered Professional Engineer (PE). Dr. Kowalski’s unique qualifications and experience make him a persuasive expert, particularly in medical malpractice and personal injury cases in which he routinely opines (for both plaintiff and defense) in the areas of cranial and spinal injuries. (CV and testimonial experience available upon request).

Please see add on p. 89
John Villines is a nationally recognized expert in crime prevention and security management, with more than 30 years of experience providing services to attorneys, businesses, government entities, and others. He has dedicated his professional life to these topics and has been retained in hundreds of cases as a consulting expert, providing objective analysis related to premises liability, including negligent security, use of force, inadequate policies and other issues.

**Academic Background includes:**
- Bachelor of Science in Urban Studies, with a field of concentration in criminal justice;
- Master of Science in Security Management; and
- Post-graduate course work in Quantitative Methods at Harvard (relevant in Daubert-related issues)

**Professional Affiliations include:**
- Academy of Criminal Justice Sciences
- The American Society of Criminology
- ASIS International
- Association of Threat Assessment Professionals
- International Association of Crime Analysts
- International Society of Crime Prevention Practitioners

**Professional Achievements include:**
- Appointed by Governor Perdue to serve on the Georgia Board of Private Detective and Security Agencies in 2003; elected by peers as Chair of that Board from 2004 to 2007 and again in 2010; reappointed to the Board by Governor Nathan Deal and has continued to serve without interruption since 2003
- Developed the Crime Prevention Specialist Course for the State of Georgia, used to train public and private sector crime prevention personnel
- POST-certified instructor for advanced and specialized training of police officers
- Board-certified instructor for security and investigations

**Professional Designations include:**
- ASIS International CPP (Certified Protection Professional), PSP (Physical Security Professional), and PCI (Professional Certified Investigator)
- International Crime Prevention Specialist – International Society of Crime Prevention Practitioners
- National Crime Prevention Specialist (Level II; Advanced Certification) – National Crime Prevention Association

Engineering & Construction

Infrastructure and construction industry engineering claims evaluation;
Expert Witness Consulting including technical issues and standard of care assessments of
engineer/architect performance in utility, roadway, water & sewerage system and building projects;
and Project & Business Risk Management.

Education: BSCE, Northeastern University; MSCE, Northeastern University

Years in Practice: 45

I have been a practicing consulting engineer since 1967 providing engineering design and construction oversight services to hundreds of public and private sector clients. I have managed hundreds of millions of dollars of construction projects. I have prepared technical specifications and contract documents, cost estimates and resolved claims issues. The expert witness consulting cases I have been retained for include; construction cost disputes, wrongful death vehicular accidents, infrastructure system failures, suits against engineers and architects for faulty design, and personal injury claims. My work has been for both plaintiff and defense attorneys.

Director: Mehul Mankad MD, (919) 681-1581, mehul.mankad@duke.edu
Senior Consultant: John Looney MD, MBA, (919) 599-3753, john.looney@duke.edu
Carol Anne Rupe, MD

Dr. Rupe's unique understanding of the dynamics & interaction between clinical, hospital, ER, and LTC medicine is of critical importance.

She has more than 30 years clinical experience including 15 years as a Medical Director for multiple long-term care and assisted living facilities and has over 20 years experience with Hospitalization & Inpatient care.

**Professional Values:**
- Accumulating Knowledge & Experience
- Analyzing with Care & Understanding
- Demonstrating Empathy & Dedication

**Expert Medical Witness Experience:**

Dr. Carol Rupe has reviewed 146 medical cases for both plaintiff and defense attorneys for more than ten years in 24 states.

**RESULTS:** She determined the standard of care was met in 15 of 17 cases for the defense. In 126 cases for the plaintiff, she determined that there was no breach in the standard of care in 45 cases. Dr. Rupe has been deposed as an expert 40 times and has testified at trial in eight cases. Seven testimonies at trial were for the plaintiff and one testimony was for the defense.

**To Contact Dr. Carol Rupe:**
- Please call (704) 363-2322 (cell/phone)
- Email: mdpriemierche@yahoo.com
- www.carolrupemd.com

**Delivery of Medical Records for Review:**
- Roanoke Clinic
- Attention Dr. Carol Rupe - immediate delivery
- 1385 Medical Center Drive
- Roanoke Rapids, NC 27870

Eckstine & Associates, Inc. (E & A) provides litigation support, safety consulting, safety training, and engineering consulting services relating to **safe use and design of cranes, aerial work platforms, lifts and other construction, industrial, and agricultural equipment.** Our expertise regarding lifting equipment is unparalleled.

E & A experts have between 8 and 30 years experience in the product safety or engineering departments of major equipment manufacturers. Dennis Eckstine is our principal consultant and has over 25 years of experience with litigation.

**Examples of equipment experience include:**
- Aerial work platforms
- Cranes
- Roll back trucks
- Trucks and carriers
- Fork lifts
- Front end loaders
- Farm wagons
- Compacters
- Hoists
- Wire rope
- Fire ladders
- Tracked vehicles
- Tow tractors
- Other construction equipment
- Other industrial equipment
- Other agricultural equipment

**Memberships of E & A personnel include:**
- Committees of American National Standards Institute
- Committees of American Society of Mechanical Engineers
- American Society of Safety Engineers
- Society of Automotive Engineers
- Founding International Chairman of an ISO Technical Committee
- International Chairman of an ISO Technical Subcommittee
- Former Chairman of International Mobile Crane Technical Committee
- Commissioner for the National Commission for the Certification of Crane Operators

**Examples of expertise include:**
- Construction Accidents
- Slips, Trips & Falls
- Industrial Accidents
- OHSA
- Personal Injury
- Products Liability
- Human Factors
- Warnings & Instructions
- Machinery and System Design
- Failure Analysis
- Product Design and Liability
- Access and egress
- Walking working surfaces
- Anchor points
- Fall protection
- Crushing avoidance
- Electrical contact avoidance
- Insulated links
- Proximity warning devices
- Rigging hardware
- Stability
- Anti-two-block devices
- Load Moment Indicators/Rated Capacity Indicators
- Load Indicating Devices
- Structural analysis
- Machine guarding
- Ergonomics & human factors
- Warnings
- Wire rope
- Controllers
- Pot hole protection
Accident Reconstruction
25 Years in Practice / Experienced Expert

Light Trucks, Passenger Vehicles, Pedestrian/Bicycle, Motorcycle Reconstruction, Crash Data Retrieval, Data Analysis, Occupant Injury Kinematics, Time distance, drag factor with use of Vericom & V-Box Sport systems, Traffic Studies, Scene analysis, Animations with FARO Reality and others. Leica MS50 Mapping system and Scanner

Nationally Certified ACTAR No.: 2054. 25 plus years crash investigation experience, Corporal Pennsylvania State Police retired April 2010. Qualified Expert Witness, Depositions to Homicides, 50 + times since 1990. Collision Analysis & Reconstruction Specialist, Pa State Police responsible for 3373 square miles & over 470,000 residents of North-West PA. Owner and Reconstruction Specialist, 4CA Consulting & Reconstruction LLC, 2009 to present. Member six professional Accident Investigative Organizations. Certified operator/analysis, Bosch Crash Data Retrieval System, maintaining updated software and hardware up to current Model Year of supported vehicles.

**DIRECTORY HIGHLIGHTS**

- **Two Directories for the price of one!** You will be listed online at www.SeakExperts.com which receives millions of hits per year. You will also be included in the Print Directory which is sent to over 50,000 Trial Attorneys, Insurance Adjusters and Paralegals.

- **100% Money-Back Guarantee For New Members.** Experts who are placing their first listing have until April 1, 2018 to cancel and request a full refund of their standard listing fee.

Here's what your colleagues are saying:

- “Listing in your experts directory has at the minimum tripled my consulting activities, including some fascinating product liability & even criminal case experiences that I’m certain would not have otherwise come my way! I don’t believe there could ever be a bigger or better bang for the buck.”

- “The SEAK Directory has probably generated 10 cases for me this past year. I appreciate the referrals from the SEAK Directory – a very professional tool to inform potential clients of your qualifications and interests.”

- “I just received a case as a result of my new listing in the SEAK National Directory of Experts. The retaining lawyer shared that she was a big fan of SEAK and her firm has had excellent results from all the experts they have hired from the SEAK Directory.”

- “Over the past 2 years I’ve received 18 referrals from my listing in the SEAK Directory.”

**Annual Listing $525 (Includes listings in both the Online and Print Directory)**

Please charge my [ ] MasterCard [ ] Visa [ ] American Express or [ ] Check enclosed, payable to **SEAK, Inc.**

There’s an 84% chance your current insurance policy doesn’t cover you if you get sued for testimony.

And a 93% chance you are paying too much.

Hard to believe but I see it every day. Most forensic professionals have the WRONG type of insurance. Here’s how it happens.

Let’s say you're a forensic medical examiner and you call your local broker. They ask: “Are you a doctor?” You say: “Yes.” They pull a standard medical malpractice policy for a doctor. There's usually no sub-classification for a forensic doctor. The term “forensic” is never even discussed and you end up with the WRONG type of insurance.

Go ahead and read your policy. See if it even mentions “giving testimony.” If you like, send a copy of your policy to me and I'll let you know what you're paying for.

Whether you're an engineer or a legal nurse consultant, my insurance policies are tailored to what you do and the service you provide your clients. Not surprisingly, the CORRECT coverage is often less expensive. Because I understand what forensic professionals do, and in most cases, I can save them money.

Don't wait. Call me at 1-888-313-3226 today to get:
- Advice in errors and omissions insurance for forensic scientists.
- An accurate quote for the CORRECT coverage
- Savings - between 30%-50% in most cases

Call daily between 9AM and 5PM EST. If you leave a message, I’ll call you back within 48 hrs.
My email is: Jmisselwitz@ECBM.com

For more information:

JIM MISSELWITZ, CPCU
FORENSIC INSURANCE EXPERT
Licensed in all 50 states

“I’m constantly referring members to Jim. He's the ONLY insurance broker I've ever met that knows what the Daubert and Kumho Tire Case is. Call him.”
Marty Rehberg
The Academy Group

“If you're tired of explaining to a clueless insurance broker what you really do, call Jim, he gets it. And he reduced our policy payment from $34,000 to just $6,500 annually.”
SaraLee Funke, M.D., President
Forensic Pathology Associates, Inc.
SEAK’s 2017 Expert Witness Directory

- Over 1,570 expert witnesses, indexed by over 21,000 categories and key words
- Searchable free online at www.seakexperts.com or through the detailed print index
- Attorneys contact experts directly, with no middleman
- Detailed information on listed expert witnesses includes:
  - Education
  - Number of years in practice
  - Number of times the expert witness has testified in the last 4 years
  - Areas of expertise
  - Subspecialties, special skills, and experience
  - Contact information including Email and Web site
  - Much, much more

About SEAK, Inc.

SEAK, Inc. is the expert witness training company. SEAK has trained thousands of expert witnesses through our seminars, conferences, on-site corporate training, and by working one-on-one with individual experts. Our training is hands-on and covers areas such as report writing, depositions, direct examination, cross examination and ethics. SEAK is retained by both individuals and law firms to train and prepare expert witnesses.
