Studied the pharmacokinetic properties (including metabolism, distribution, and elimination) of these (once) promising new agents for HIV.

COMMUNITY & INTL. SERVICE

- 2014-Present **Project Pacer International**
Ongoing work with this Boston based non-profit providing cardiac based therapies (pacemaker systems and stents) to indigent patients in the developing world. The organization actively implants pacemakers, and provides long term follow up for these patients.
- 2008-Present **The S.H.E.V.A. Project – Medical Director**
“Sustainability, Healthcare, Education & Village Awakening Project”
A charity that I am co-founding to bring better access to healthcare in various impoverished Indian communities working with Indian NGOs.
- 2003, 2006-2008 **B.R.I.D.G.E. Free Health Clinic – Tampa, FL**
I volunteered on a monthly basis as the clinic attending and as a medical mentor to the medical students who ran this USF run clinic.
- 2/2006 **Medical Volunteer Work – Goa, Delhi, Than Goan & Mumbai, India.** I volunteered at general medical camps with various non-profit medical agencies including Child Family Health International and Centers for HIV/AIDS Research and Training (CHART). I have helped set up various cardiology focused mission trip to various rural communities in India via USF.
- 2005 **Medical Volunteer (Biloxi, Mississippi)**
Clinic physician volunteer at several NGO medical clinics following Hurricane Katrina.
- 2000-2003 **Rotaract Club of Kansas City**
Collegiate division of Rotary Intl. I served as President as well as Community Service Chairperson. Our chapter was recognized nationally for the projects we performed. Projects included Special Olympics, Red Cross, KCUR/NPR radio, Health Fairs, Tourette’s Tutor, and Rotary Youth Camp Volunteer.
- 1998-2000 **Kansas City Free Health Clinic Volunteer**
A free clinic in Kansas City; I volunteered there as a medical student
- 1999-2001 **Good Samaritan Project**
A volunteer for this non-profit that provided advocacy, care, and education to those affected by HIV/AIDS.
