Regional Director of Security

Responsible for physical security, security operations, and investigations for Mayo Clinic's hospitals and clinics located in northern Wisconsin.

Luther Midelfort Health System – 2009 - 2012

Director of Security

Responsible for leadership of security and parking & transportation services for a regional health system with more than twenty hospitals and clinics in Wisconsin.

Gundersen Health System– 2004 - 2009

Sergeant (Supervisor & Security Systems Administrator)

Supervised security staff and responsible for managing and administration of all security systems for a regional healthcare system with an integrated health plan and locations in Wisconsin, Minnesota, and Iowa.

The Ringside Nightclubs – 2000 - 2004

Lead Door Host (Security Manager)

Responsible for the security staff, systems, and other elements of the security program for a company that operated multiple nightclubs and restaurants.

- Served as the senior most Security executive (CSO) for three organizations, managing budgets of >\$7M and departments of 250+ employees.
- Developed processes to quantify safety and security risk and restructured several companies' Safety and Security programs to match organizational risk exposure and tolerances.
- Created standardized physical security frameworks, integrated security systems, and built centralized Security Operations Centers for two organizations.
- Guided efforts to redesign Clery Act compliance processes for a top tier medical school and a career college network.
- Provided a multi-national employer with an evaluation of their response plan for active threat incidents and developed a framework to add an armed response component to their security program.
- Redesigned the Security Officer training programs for organizations in several vertical markets.
- Optimized data collection systems and security policy library for a major healthcare organization during a period of international expansion.
- Oversaw physical security design for newly constructed facilities including a hospitals, the global headquarters for a corporation, a career college campus, as well as numerous smaller projects.
- Reduced one organization's security operating costs by 18% by centralizing vendor management and sourcing for safety and security services.
- Standardized the workplace violence and threat management processes for several organizations.
- Built programs to leverage open-source intelligence (OSINT) in order to better provide for the safety and security of employees while traveling.

Drew Neckar, MBA, CPP, CPD

Professional Certifications

Certified Protection Professional (CPP)

Board certified in security management by ASIS International
Certification number: 15384, Valid: 11/10/2011 – 12/31/2026

Certified Healthcare Protection Administrator (CHPA)

Board certified in healthcare security management by the International Association of Healthcare Security & Safety (IAHSS)
Certification number: N0896, Valid: 5/18/2015 – 5/18/2026

Certified in Safety Management (CSM)

Certified in safety program management by American Society of Safety Engineers (ASSE)
Valid: 3/12/2018

Certificate in Workplace Violence Prevention

Certified in workplace violence prevention by the International Association of Healthcare Security & Safety (IAHSS)
Valid: 6/22/2022

CPTED Professional Designation

Certified in the use of Crime Prevention Through Environmental Design methodology by the National Institute of Crime Prevention (NICP)
Valid: 5/2021 – 5/2027

Certified CPTED Specialist

Certified in the use of Crime Prevention Through Environmental Design methodology by the American Crime Prevention Institute (ACPI)
Valid: 7/1/2018

Certified Civil Rights Investigator

Certified in the investigation of alleged violations of Title IX by the Association of Title IX Investigators (ATIXA)
Valid: 6/3/2017

Certified Drug Diversion Investigator

Certified in the investigation of both internal and external drug diversion by the Virginia State Police and the National Association of Drug Diversion Investigators (NADDI)
Valid: 4/5/2017

Certified in Threat Assessment and Management

Graduate of the prestigious Gavin de Becker Advanced Threat Assessment Academy and board certified as a Certified Threat Manager (CTM) by the Association of Threat Assessment Professionals.
CTM Valid: 8/2022 – 8/2026
Gavin de Becker attendance: 4/15/2011

Drew Neckar, MBA, CPP, CPD

Education

Master of Business Administration

University of Wisconsin – Oshkosh

Major: Executive MBA with a focus on international business

Bachelor of Science

University of Wisconsin – La Crosse

Major: History

Minor: Criminal Justice

Associate of Arts & Sciences

University of Wisconsin – Richland

Continuing professional development

Beginning in approximately 2007 through present attended national and international professional development conferences on various topics related to aspects of the security and violence prevention industry averaging over 100 hours annually.

Awards & Recognition

Program of Distinction

The security program for Mayo Clinic Health System's Northwestern Wisconsin region was recognized as a Program of Distinction by the International Association of Healthcare Security and Safety (IAHSS).

Outstanding Security Consultant – Global

Named as the "Outstanding Security Consultant" for 2026 for the Global Outstanding Security Performance Awards (OSPAs), selected from field of winners of 2025 regional OSPA awards.

Outstanding Security Consultant – United States

Named as the United States "Outstanding Security Consultant" for 2025 for the US Outstanding Security Performance Awards (OSPAs) based on contributions to the field and service to clients.

Top 500 Security Leaders

Named to *Security Magazine's* "Security 500" as one of the top Security programs and security leaders for 2011-2015.

Finalist - Campus Safety Director of the Year

Named as a finalist for *Campus Safety Magazine's* "Campus Safety Director of the Year" for 2014 based on work done to improve the security program for Mayo Clinic Health System's Northwest Wisconsin region.

Up and Comer in the Physical Security Industry

Named to *Security Director News'* "20 under 40 - up and comers in the security industry".

12 People who did Great Work for the Common Good

Named to the Crisis Prevention Institute's list of "twelve people who did great work for the common good" for work on violence prevention in healthcare.

Top 50 Voices in Healthcare Security

Named as one of the most often quoted voices in hospital security published in Forbes Magazine online.

Drew Neckar, MBA, CPP, CPD
