PROFESSIONAL AFFILIATIONS

- Securities Experts Roundtable, Board Member
- Prontoblock, Inc. Advisory Board

DAVID C. HINMAN EXPERT CASE EXPERIENCE

(Listed in reverse chronological order)

Confidential FINRA Investment Adviser Arbitration

Retained by Becker NE P.C. (Becker & Poliakoff P.A.) as a distressed debt and private investment fund expert. Provided opinions that preferreds issued by an oil and gas company functioned as subordinated debt and that an internal transfer did not constitute a co-investment. Determined that the adviser failed to disclose material information about the issuer's financial condition at the time of the transfer. Work included explaining the use of derivatives to hedge oil prices, how related losses and liabilities appear under Australian accounting standards, and the credit metrics oil and gas lenders rely on. Submitted an expert report and testified at arbitration.

Confidential AAA Investment Adviser Arbitration

Retained by claimants' co-counsel (Mintz; Loeb & Loeb) as a distressed debt investment strategy expert. Concluded that distressed debt investing was the primary strategy of a series of private, closed-end alternative credit funds. Reviewed PPMs, marketing materials, investor communications, and public disclosures for two multi-billion-dollar private credit funds. Conducted an independent review of the adviser's internal credit files for nearly 75 corporate borrowers and determined that most of the private credit loans and publicly traded bonds, loans, and preferreds were distressed at the time of the funds' initial investments. Submitted an expert report and provided deposition testimony.

Alvin L. Polit and Shana C. Lathrop, Superior Court of California, County of San Diego, North County - Family Law Division (9FL010503N)

Retained by petitioner's counsel (Moore, Schulman & Moore, APC) as an investment track record valuation expert. Concluded, based on factors including high tracking error and negative alpha, that a non-U.S. equity value composite had no measurable value to the petitioner. Addressed the applicability of GIPS portability requirements to the petitioner's potential association with specific track records. Submitted a California Evidence Code §733 Expert Rebuttal Report responding to the Neutral Arbitrator's §730 Expert Report.

Teachers Insurance and Annuity Association of America and Nuveen Fund Advisers, LLC v. U.S. Specialty Insurance Company, United States District Court for the Southern District of New York (1:23-cv-4769-KPF)

Retained by plaintiffs' counsel (Cohen Ziffer Frenchman & McKenna) as a distressed private credit and an illiquid bond pricing expert. Provided an opinion that a wholly owned project finance bond should not have been classified by the adviser as distressed at the time of issuance. Additionally, assessed if the plaintiffs' reliance on evaluated bond prices provided by a third-party vendor adhered to the adviser's professional responsibilities, and whether they had a reasonable basis to question the accuracy of any of the vendor prices. Submitted a rebuttal report and provided deposition testimony.

Confidential United States District Court for the Southern District of New York

Retained by plaintiff's counsel (Kasowitz Benson Torres) as an investment management and unregistered fund formation expert. Assignment included describing the nature of and calculating the value of interests in legacy and newly formed private investment funds.

Keri Findley v. Peter Findley, Superior Court of California, County of San Francisco (CGC-21-591931)

Retained by defendant's counsel (Buchalter) as an asset management and unregistered fund formation expert. Discussed the challenges, risks, and processes associated with forming and launching an unregistered private credit fund at an established equity adviser. Offered opinions about the accuracy and reasonableness of comments made regarding the prospects for raising capital and achieving projected investment returns for a newly formed, unregistered private debt limited partnership. Submitted a declaration and provided deposition testimony.

Randall L. Bort v. KBS Holdco and Brian Kennedy, Superior Court of California, County of Los Angeles (21STCV13920)

Retained by plaintiff's counsel (The Kneafsey Firm) as securities and finance broker licensing expert. Offered opinions regarding whether the plaintiff's actions were of a nature which required him to be licensed as securities broker with the SEC and/or the California Department of Financial Protection and Innovation related to Section 25000 of the California Corporations Code, or as a finance broker related to Section 22000. Submitted a declaration and provided deposition testimony.

Steven M. Mariano, individually, and as Trustee on behalf of the Steven M. Mariano Revocable Trust, Claimant v. UBS Financial Services, Inc., Respondent, FINRA Arbitration (19-00647)

Retained by claimant's counsel (Rennert Vogel Mandler & Rodriguez; Egozi & Bennett) as an investment management and investor expectations expert. Rendered opinions on the materiality of certain short-selling-related information for the provision of related advice and risk disclosures by financial advisers to their ultra-high net worth clients. Submitted a report and testified at arbitration.

Confidential SEC Registered Investment Adviser Inquiry

Retained by the SEC as a distressed corporate bond trading expert. Analyzed whether communications and actions of a buy-side distressed debt trader were consistent with market practices under the circumstances. Interpreted the meaning of numerous Bloomberg instant messages and voice trading communications. Described distressed debt and illiquid bond market trading practices and terminology. Analyzed the degree to which the frequency and nature of the trading served to influence market prices of, and broker quotes provided for certain distressed bonds. Also explained the process used by

independent pricing vendors for illiquid securities, and to what degree the distressed debt trades in question would have been considered in determining evaluated vendor prices.

Confidential SEC Broker-Dealer Inquiry

Retained by defendant's counsel (Kaplan Hecker & Fink) as a distressed corporate bond trading expert. Rendered opinion as to whether communications made, and actions taken by a distressed debt trader at a major broker-dealer were reasonable under the circumstances. Interpreted the meaning of numerous Bloomberg instant messages and voice trading communications. Described distressed debt and illiquid bond market trading practices and terminology. Explained the differences between the best-execution obligations of broker-dealers and SEC-registered investment advisers, as well as the prevailing market standards for how trading parties understand those duties. Submitted a declaration.

Petróleos de Venezuela SA (PdVSA), et al. v. MUFG Union Bank NA et al., United States District Court for the Southern District of New York (1:19-cv-10023)

Retained by plaintiffs' counsel (Paul Hastings; Willkie Farr & Gallagher) as a distressed debt exchange and an emerging market debt investment management expert. Discussed whether bond investors were or should have been aware of invalidity risk associated with a PdVSA exchange offer; also calculated if plaintiffs were enriched by the exchange, and determined whether exchanging investors profited more than is typical of exchange offers of a similar nature. Submitted a report and rebuttal report.

Acis Capital Management, LP, et al. v. Highland Capital Management LP, et al., United States Bankruptcy Court, Northern District of Texas (18-30264, 19-34054)

Retained by plaintiffs' counsel (Rogge Dunn Group) as a Collateralized Loan Obligation (CLO) expert to value CLO management contracts and related equity risk-retention entities. The contract valuation dispute was associated with plaintiffs' proof of claims associated with various adversary bankruptcy proceedings.

United States v. Jean Boustani, et al., United States District Court for the Eastern District of New York (1:18-cr-00681)

Retained by defendants' counsel (Willkie Farr & Gallagher) as an emerging market debt investment management expert. Testified at trial about what information sophisticated institutional emerging market debt investors assess as part of investing in developing country debt, as well as the sources and reliability of the information available to investors as it related to, among other issues, the degree of corruption present in emerging market countries.

International Automated Systems, Inc., et al. v. Millard County et al., Fourth Judicial District Court, in and for Millard County, State of Utah (140700016)

Retained by plaintiffs' counsel (Nelson Snuffer Dahle & Poulsen) as a securities market expert to assess the impact on a public company stock valuation of information published by municipal government officials.

Chang, et al. v. Chin et al., Superior Court of California, County of San Bernardino (civ-ds-1509468)

Retained by defendants' counsel (Richard Macias & Associates) as a private security offering document content and disclosure expert related to California Corporations Code Sections 25401 and 25110.

Confidential Receivership Claims Valuation

Retained by Delta Group (now Kingfisher Cayman Islands), which had been hired to liquidate and de-register an emerging debt hedge fund, to value claims associated with bonds issued by Banco Cruzeiro do Sul, a Brazilian bank. Assisted Delta with calculating settlement figures and structuring payment conditions as part of an effort to avoid litigation with the hedge fund's custodian/administrator with respect to the administrator's role in allegedly mis-allocating post-receivership bondholder distributions.
