PREMISES LIABILITY AND NEGLIGENT SECURITY EXPERT

Frank Finley II, a retired US Army Lieutenant Colonel with 32 years of service, is the founder of Force Protect Security Consultants. He is a physical security and risk mitigation subject matter expert with 28 years of experience. He has assisted Federal, state, local, private sector officials, as well as facility owners and operators to enhance their physical security posture. He works with organizations to address their demanding security needs, translating vulnerabilities into compelling security and operations efficiencies. Being completely versed in numerous national and international physical security design guidelines and standards, Frank has served as an advisor to AE design teams in the proper risk assessment and cost-effective implementation of risk mitigation measures. Clients include Veterans Affairs, Department of the Interior, Department of Defense, several Universities, Fortune 500 manufacturers, hospitality organizations, multi-family housing communities, vacation resorts, and numerous commercial retail businesses.

PROFESSIONAL EXPERIENCE

Force Protect Security Consultants Panama City Beach, FL**Owner and Physical Security Consultant, 2013 - 2025.**

- Lead consultant for all facility physical security, force protection and anti-terrorism mitigation requirements for commercial, city government, state government and federal clientele, nationwide.
- Conducted threat, vulnerability, and risk assessments on various facilities, dictating design guidance to architects and engineers for risk mitigation measures. Measures involve architectural security, structural hardening, crime prevention through environmental design, access control, video surveillance, guard services and emergency procedures.

Paradigm Engineers and Constructors Louisville, KY**Owner and Principal in Charge, 2000-2016.**

- Principal in Charge of a 22-person Architecture, Engineering and Construction firm focused on government and commercial design/build of facilities ranging from \$1 - \$15 million. Spectrum of facility types included military, healthcare, houses of worship, manufacturing, education, office, and retail, nationwide.
- Lead consultant for all facility physical security, force protection and anti-terrorism mitigation requirements for commercial, city government, state government and federal clientele, nationwide.
- Conducted threat, vulnerability, and risk assessments on various facilities, leading the design teams in the design of risk mitigation measures. Measures involve architectural security, structural hardening, crime prevention through environmental design, access control, video surveillance, and emergency procedures.

US Army Reserve: 85th Training Division, Louisville, KY; 100th Training Division, Fort Knox, KY**Anti-Terrorism Officer at Battalion, Brigade and Division Levels, 1997-2010.**

- Supporting the Global War on Terrorism (GWOT), gathered intelligence, assessed vulnerability, and implemented risk mitigation measures for US Army personnel in numerous facilities, including stand-alone facilities throughout the nation.
- Authored orders for, and managed implementation of, Random Anti-Terrorism Measures Program (RAMP) across all units, enhancing the protective posture of subordinate organizations through continually testing readiness.
- Conducted continuous physical security inspections and initiated updating enhancements for close to fifty permanent and temporary military facilities spread across the United States.

US Army Reserve: 100th Training Division, Louisville, KY**Division Provost Marshal, 2005 - 2007.**

- Managed a senior staff of ten officers and non-commissioned officers with the mission of maintaining the force protection posture of an entire Division of Army Reserve units comprised of over 8,000 soldiers and civilians in four states.
- Continually gathered and maintained the threat update, vulnerability, and risk estimates for the entire Division, briefing the General Officer Command Team weekly.
- Provided threat/vulnerability assessments and physical security risk mitigation enhancements for 45 subordinate facilities in four states.
- Provided anti-terrorism training to 8,000 personnel, as well as maintained personnel security screenings for same.

U.S. Army (active duty and reserve): Numerous Duty Stations Throughout the World**Enlisted and Officer, 1985 – 2017**

- Served in multiple leadership positions in both combat arms and logistics for several organizations including the 101st Airborne Division, 84th Training Command, 85th Training Division, 94th Training Division, 98th Training Division and the 100th Training Division.
- Heavy emphasis on Anti-terrorism/Force Protection (ATFP) and Physical Security
