Summary of Expertise

I am a board-certified, actively practicing general diagnostic and breast imaging radiologist with experience in a high-acuity, Level I trauma center setting. My clinical background provides attorneys with practical, real-world expertise across the full spectrum of diagnostic imaging, including X-ray, ultrasound, CT, PET-CT, and MRI, as well as specialized breast imaging services such as mammography, tomosynthesis, ultrasound-guided and stereotactic biopsies, and preoperative localization procedures.

I provide medicolegal case review for both plaintiff and defense matters, with a focus on clear, objective analysis of imaging findings, standard-of-care issues, causation, missed or delayed diagnoses, follow-up recommendations, and communication of critical results. My goal is to help attorneys quickly understand the radiology issues in a case, identify strengths and weaknesses, and translate complex imaging questions into reports and testimony that are precise, credible, and easy to understand.

I pride myself on being responsive, thorough, and attorney-friendly, delivering high-quality consultations, written opinions, and testimony that support effective case strategy.

Work

Kaiser Permanente , Riverside, CA 50% general diagnostic and 50% breast imaging practice	2024- present
University of Loma Linda Medical Center , Loma Linda, CA Radiology overnight emergency and inpatient coverage, "moonlighting"	2022-2024
RadNet Advanced Imaging , Southern California Physician overseeing administration and care of patients receiving CT and MR contrast agents	2023-2024

Education

University of Loma Linda Medical Center , Loma Linda, CA Radiology Residency, PGY2-PGY5	2019- June 2024
University of Arkansas for Medical Sciences ; Little Rock, AR Neurosurgery Residency, PGY1	2017-2018
Loma Linda University School of Medicine ; Loma Linda, CA Doctorate of Medicine	2012-2017
Loma Linda University School of Religion ; Loma Linda, CA Master of Arts, Biomedical and Clinical Ethics	2015-2016
Andrews University ; Berrien Springs, MI Bachelor of Science, Biology with Biomedical emphasis- Summa Cum Laude	2008-2012

Exams

American Board of Radiology Certifying Exam (passed)	2025
American Board of Radiology Core Exam (Passed)	2024
American Board of Neurological Surgeons (Passing exam score, not taken for credit).	2018
United States Medical Licensing Exam Step 3 (Passed)	2017
United States Medical Licensing Exam Step 2 Clinical Skills (Passed)	2016
United States Medical Licensing Exam Step 2 Clinical Knowledge (Passed)	2015
United States Medical Licensing Exam Step 1 Exam (Passed)	2014

Training & Certification

ABR-Board Certified Radiologist	2025
Basic Life Support Training	2025
Advanced Cardiac Life Support Training	2025
National Institute of Health Stroke Scale International Certification	2018
Society of Neurological Surgeons Junior Resident Training	2018
Translational Research Module Training	2013

Medical Licensure

Medical Board of California #A163182
Medical Board of Ohio #35.152582
California Fluoroscopy Operator and Supervisor #203854
DEA Prescriber #FM4759138

Scholarships & Awards

- McPherson Society Student Research Scholarship** 2013
 For research in the Loma Linda University Neurosurgery Center for Research, Training, and Education.
- Summa Cum Laude graduate at Andrews University** 2012
- J.N. Andrews Honors Student** 2008-2012
 I was inaugurated in the J.N. Andrews Honors Society, a program that enables select students to participate in advanced, honors classes throughout their undergraduate education at Andrews University. Being a member requires the completion of a research thesis in the student's area of study.
- Daniel and Flo Ryden Endowed Scholarship** 2011
 In recognition of academic excellence in the field of biological studies,

commitment to service, and involvement in Neurobiology research.

Xi Lambda Chapter of the Beta Beta Beta	2011
I was inaugurated into the National Biological Honor Society, for undergraduates dedicated to improving the understanding and appreciation of biological study and extending boundaries in human knowledge through scientific research.	
Phi Kapa Phi	2011
In recognition of academic excellence and ranking within the top seven percent of my university class.	
Featured speaker for the Xi Lambda Chapter of the Beta Beta Beta Honor's Society	2011
I shared on the personal significance of witnessing the practice of medicine in a third world country and engaging with the Nepalese culture.	
Hall-Miller Endowed Scholarship	2010
In recognition of academic excellence in the field of biological studies and commitment to service.	
Caring Heart Scholarship from the North American Division Office of Education	2007
In recognition of exemplary community service and extensive involvement with humanitarian projects.
