

## CURRICULUM VITAE

Clinician educator and advocate who believes in multi-disciplinary collaboration to truly understand and treat “the whole child.” Double-boarded in Pediatrics and Developmental & Behavioral Pediatrics with over 17 years of clinical experience spanning academics, community health, outpatient therapies, and solo practice with a chronic care model approach (i.e., longitudinal care from birth to early adulthood). This unique set of experiences, combined with leadership roles and educational opportunities at the local, state, and national levels, provides specialized insight and expertise that patients/families, colleagues, and community partners have come to know and trust.
