Job Summary

Board-Certified Family Medicine Physician with advanced certification in Wound Medicine and Surgery (ABWMS). Experienced in delivering comprehensive primary care and specialized wound management to Veterans and geriatric populations in long-term care, domiciliary, outpatient, and urgent care settings. Skilled at managing chronic disease panels, achieving prevention and quality indicators, and coordinating interdisciplinary care to optimize outcomes. Recognized for expertise in wound care and editorial contributions to national wound care education. Dedicated to the VA mission of providing timely, effective, and Veteran-centered care.

Skills & Core Competencies

- Primary Care & Preventive Health (1,200+ patient panels)
- Chronic Disease Management (Diabetes, CHF, COPD, Hypertension)
- Geriatric & Long-Term Care Medicine
- Wound Care: Pressure Injuries, Diabetic Ulcers, Post-Surgical Wounds
- Interdisciplinary Collaboration (nursing, rehab, pharmacy, social work)
- Comprehensive Health Assessment & Documentation (EMR)
- Patient & Family Education for Adherence & Prevention
- Supervision of NPs, PAs, Students, and Allied Health Trainees

- Performance Improvement & Quality Indicators (90%+ compliance)
 - Veteran-Centered Care & Cultural Competency
-

Work Experience

Primary Care & Wound Care Physician

Soldiers' Home in Chelsea – Chelsea, MA

02/2025 – Present | 32 hrs/week

- Provide comprehensive primary care and wound management for Veterans in long-term care and domiciliary units.
 - Conduct health assessments, establish diagnoses, and construct individualized treatment plans.
 - Manage chronic diseases including diabetes, hypertension, CHF, and COPD, aligned with prevention indicators.
 - Collaborate with interdisciplinary teams to ensure continuity of care.
 - Deliver advanced wound care for pressure injuries, diabetic ulcers, surgical wounds, and vascular wounds.
 - Maintain thorough, timely documentation within EMR to support quality and compliance.
 - Educate Veterans and families to promote adherence and preventive care.
-

Urgent Care Physician

Atrius Health – Burlington, MA

09/2022 – Present (Per Diem, ~10 hrs/week)

- Provide episodic and acute care in a high-volume urgent care setting.

- Perform procedures such as suturing, drainage, and fracture stabilization.
 - Coordinate follow-up care with primary care providers.
 - Ensure accuracy in clinical documentation.
-

Wound Care Physician

Beth Israel Deaconess Medical Center – Boston, MA

04/2023 – 04/2025 | 20 hrs/week

- Evaluated and treated complex wounds using advanced modalities including debridement, grafts, and negative pressure therapy.
 - Partnered with nursing staff to reduce pressure injury incidence.
 - Documented wound progression for quality monitoring and reporting.
 - Provided wound care education to nursing teams.
-

Wound Care Physician

Skilled Wound Care – Boston, MA

10/2021 – 12/2022

- Managed wound care in multiple long-term care facilities.
 - Implemented early identification protocols to reduce complications.
 - Documented wound progression and contributed data to performance improvement projects.
 - Educated facility staff on wound care best practices.
-

Family Medicine Physician

Charles River Community Health – Brighton, MA

04/2021 – Present (Per Diem, ~10 hrs/week)

- Delivered outpatient family medicine including preventive care and chronic disease management.
 - Provided culturally competent care to a diverse patient population.
 - Participated in quality initiatives such as diabetes and cancer screening programs.
-

Family Medicine Physician

Emerson Hospital, Maynard Family Medicine – Maynard, MA

07/2020 – 03/2021 | 40 hrs/week

- Delivered comprehensive primary care for adults and families.
 - Coordinated specialty care and continuity for chronic conditions.
 - Maintained high-quality EMR documentation and compliance.
-

Editorial & Advisory Roles

Editorial Advisory Board Member

Wound Care Today – 01/2025 – Present

- Review and advise on wound care education content.
- Contribute clinical expertise to improve wound care training resources.

Board of Directors

PAWSIC | 2026–Present

- Advise on national wound care education strategy and interdisciplinary programming.
 - Support development of SAWC initiatives and accredited continuing education content.
 - Contribute to governance decisions to strengthen organizational reach and impact.
-
