Professional Summary

Psychiatric Physician Assistant in active practice with inpatient and consult liaison experience, expertise in crisis stabilization, and involvement in product development and clinical informatics. Creator of a provisionally patented suicide-resistant marker to enhance patient safety in behavioral health settings. Regularly provides testimony in civil commitment hearings and serves as a provider builder and key psychiatric end user for Epic EMR optimization.

Clinical Experience

Physician Assistant – Inpatient Psychiatry

Asante Rogue Regional Medical Center Behavioral Health Unit | Medford, OR | 2019–Present

- Interview, diagnose, and manage patients with psychotic, mood, anxiety, substance use, and personality disorders in acute inpatient and emergency settings.
- Consult liaison psychiatry including psychiatric telemedicine consultations, emergency department psychiatric assessment and disposition planning, and evaluation/management of medically complex patients with psychiatric comorbidities on inpatient medical units.
- Testify regularly in civil commitment hearings regarding psychiatric diagnosis, risk assessment, and whether patients meet criteria for involuntary commitment under Oregon law.
- Collaborate in multidisciplinary treatment teams to address complex discharge planning and crisis stabilization.
- Provide crisis intervention using supportive therapy and motivational interviewing techniques.
- Key psychiatric end user and provider builder for Epic EMR implementation, designing workflows and clinical documentation tools for behavioral health providers.

Innovation & Consulting Experience

Product Developer – Suicide-Resistant Flexible Marker

2023–Present

- Designed and prototyped a safe, flexible, radio-opaque marker for use in psychiatric and correctional facilities.
- Collaborated with healthcare professionals and potential industry partners on product refinement.
- Pursuing licensing and manufacturing opportunities to expand access to safe art supplies for high-risk patients.

Education

Arcadia University – M.S. Physician Assistant Studies | May 2019

Brigham Young University – Idaho – B.S. Human Biology, Minor: Mechanical Engineering | Dec 2015
