- Responded to and investigated thousands of traffic crashes, hundreds of which involved serious bodily injury or fatalities.
- Experienced instructor teaching Military and Civilian Law Enforcement Personnel in Traffic Management, Check Point Procedures, DUI Investigations, Emergency Vehicle Operations Traffic Crash Investigations, Traffic Crash Avoidance and Driver Safety.

WORK EXPERIENCE

Owner/Lead Reconstructionist West Crash Forensic Consulting Group, LLC August 2020 to Present

Owner and Lead Reconstructionist of West Crash Consulting, LLC providing full-service crash reconstruction services, expert witness testimony and consulting, traffic crash investigations training, and event data recorder data retrieval and analysis.

Adjunct Instructor Institute of Police Technology and Management Dec 2023 to Present

Provides instruction to classes of up to 31 adult students consisting of law enforcement, military and civilian personnel. I teach using a curriculum provided by IPTM which is enhanced by my own experiences and knowledge where I use real actual, although redacted, case notes and files providing real life lesson plans for the students to learn from. Currently I teach At-Scene Crash Investigations, Advanced Crash Investigations, Traffic Crash Reconstruction, Pedestrian/Bicycle Crash Investigations and Motorcycle Crash Investigations.

Police Officer Kissimmee Police Department, Kissimmee, Florida August 2005 to August 2020

Provide public safety by answering calls for service, investigating crimes, responding to emergencies, protecting persons and property. Investigating crimes, pursuing, and apprehending the persons responsible and assisting with the prosecution of defendants. Later assigned to Traffic Enforcement Motorcycle Unit, as a Traffic Homicide Investigator, responsible for enforcing traffic laws, responding to, investigating and reconstructing traffic crashes involving death or serious bodily injuries.
