christina@camberosgroup.com

Practitioner-Scholar specializing in the forensic audit of institutional patterns within public safety agencies, correctional facilities, and oversight bodies. I evaluate data integrity and procedural compliance by auditing internal Records Management Systems (RMS) and—where applicable—NIBRS reporting. Leveraging a Ph.D. in quantitative methodology, I utilize descriptive statistics, Chi-Square, and Logistic Regression to identify systemic deviations. I translate complex, longitudinal data into clear, defensible narratives for use by legal counsel, public defenders, and independent monitoring boards.

EDUCATION

- **Ph.D. in Criminal Justice** | Tarleton State University | 2025
 - *Dissertation: Examining The Impact of Female Sex Offenders on Victim Injury: A Replication of a Study*
 - *Focus: Quantitative Research Methodology and Behavioral Risk Analysis.*
- **Master of Science in Criminal Justice and Criminology** | Texas Christian University | 2017
- **Bachelor of Science in Criminal Justice** | University of North Texas | 2015

ACADEMIC APPOINTMENTS

Adjunct Professor (Appointed Fall 2026) | Tarleton State University

- **Course:** *Applied White-Collar Crime: Investigative Logic & Methods* (Undergraduate)
- **Curriculum Design:** Developed a practitioner-focused framework for the "Investigative Lifecycle," teaching students to identify logical fallacies (tunnel vision) and bias in case files.
- **Instruction:** Applying the Fraud Triangle and behavioral theory to real-world investigative systems.

PROFESSIONAL EXPERIENCE

Managing Member | Camberos Group LLC | 2025 – Present

- Provide expert consulting and forensic data modeling for legal and regulatory matters.
- Conduct crime foreseeability assessments and institutional risk evaluations.

Fraud Lead Analyst | Cigna / Health Care Service Corporation (HCSC) | May 2017 – Present

- **Federal Investigative Oversight:** Manage sensitive reviews into provider-based fraud to ensure all findings comply with federal SOPs. I maintain a 100% record for "audit-ready" case files and meeting strict federal reporting deadlines.
- **Data Analysis & Trend Detection:** Use Pivot Tables and Tableau dashboards to analyze large-scale datasets, isolating specific patterns of misconduct, financial anomalies, and systemic risks.
- **Compliance & Gap Analysis:** Evaluate institutional adherence to federal mandates, identifying where systems or processes are failing and performing root-cause analysis to close those gaps.
- **Law Enforcement Liaison:** Act as the lead point of contact for federal and state law enforcement; I prepare and refer cases where data analysis reveals intentional misrepresentation or criminal activity.

AML Compliance Analyst (Bilingual) | Dolex | May 2016 – May 2017

- **Financial Risk Monitoring:** Conducted high-volume daily reviews of cross-border financial transactions to detect money laundering patterns and ensure adherence to BSA/AML and OFAC requirements.
- **Bilingual Regulatory Adherence:** Utilized native Spanish fluency to interpret complex narratives and evidence for federal regulatory compliance.

Service Coordinator | My Health My Resources (MHMR) | Oct 2015 – May 2016

- **Case Management:** Managed a caseload of 30+ clients in a strictly regulated state environment, ensuring 100% adherence to privacy, ethical documentation, and service mandates.
- **Audit Readiness:** Maintained "audit-ready" records demonstrating a high degree of sensitivity to data privacy and consumer protection standards.

Scholarly Contributions & Presentations

- **Conference Presentations:**

1. Camberos, C., Wang, K., Dobbs, R. (2024, November). *Examining the Impact of Female Sex Offenders on Victim Injury: Replication of a Study*. American Society of Criminology Annual Meeting.
2. Fomby, M., Camberos, C., Glassner, S., Rider, R. (2023, March). *What About Parental Involvement? A Partial Test of Hirschi's (1969) Control Theory*. Academy of Criminal Justice Sciences Annual Conference.
3. Wirt, J., Camberos, C., Rider, R., Glassner, S. (2022, November). *Adverse Childhood Experiences, Commitment, Resilience, Depression, and Bullying: A Test of General Strain Theory*. American Society of Criminology Annual Meeting.

- **Manuscripts in Preparation/Submission:**

1. *Examining The Impact of Female Sex Offenders on Victim Injury: A Replication of a Study* (Manuscript in final preparation for journal submission, 2026).

PROFESSIONAL AFFILIATIONS

- **American Society of Criminology (ASC)** | Past Member, [2022–2024]
- **Academy of Criminal Justice Sciences (ACJS)** | Past Member, [2022–2023]

TECHNICAL SKILLS & METHODOLOGIES

- **NIBRS Data Interpretation:** Specialized in the longitudinal analysis of National Incident-Based Reporting System (NIBRS) data to identify victimization trends and institutional reporting patterns.
- **Quantitative Research Methods:** Advanced proficiency in statistical modeling, behavioral risk analysis, and rigorous data cleaning specifically for civil and criminal litigation support.
- **Forensic Audit Methodology:** Expert in performing root-cause analysis on systemic non-compliance and evaluating institutional adherence to federal Standard Operating Procedures (SOPs).
