PROFILE

Dr. Jacqueline K. Donovan is a board-certified foot and ankle surgeon specializing in trauma, reconstructive surgery, and limb salvage. She is the owner of Erie Foot and Ankle Center in Beachwood, Ohio, and serves as an Assistant Professor in the Division of Foot & Ankle Surgery and Biomechanics at Kent State University College of Podiatric Medicine. Additionally, she is the Fellowship Director for the University Hospitals Advanced Limb Salvage Foot and Ankle Fellowship and an attending physician with the University Hospitals Foot and Ankle Surgical Residency.

Dr. Donovan completed her surgical residency at Grant Medical Center in Columbus, Ohio, where she gained extensive experience in foot and ankle reconstruction. She then pursued a fellowship in orthopedic trauma at Grant Medical Center.

With a strong background in both private practice and academic medicine, Dr. Donovan provides a comprehensive, multi-faceted approach to foot and ankle care. Dr. Donovan is actively engaged in research, medical education, and professional leadership. She has published and presented extensively on foot and ankle pathology, reconstructive techniques, and surgical advancements. She is a Fellow of the American College of Foot and Ankle Surgeons (ACFAS) and contributes to the American Board of Foot and Ankle Surgery (ABFAS) Case Review Committee. Passionate about advancing the field of foot and ankle surgery, Dr. Donovan remains dedicated to training the next generation of surgeons, developing innovative treatment protocols, and providing the highest level of patient care.
