## EXPERT WITNESS PROFILE

Board-certified internal medicine physician and academic hospitalist with national expertise in adult inpatient standards of care, diagnostic reasoning, and hospital systems. Extensive experience reviewing medical negligence cases involving hospitalized adults for both plaintiff and defense. Recognized expert in clinical decision-making and failure to recognize or treat scenarios. Provides clear communication of complex medical issues to legal teams.

## AREAS OF EXPERTISE

- Adult inpatient hospital medicine
- Hospitalist standards of care
- Diagnostic delay and misdiagnosis
- Failure to recognize or escalate clinical deterioration
- Sepsis, respiratory failure, and acute medical decompensation
- Medication management and VTE prophylaxis
- Hospital systems, handoffs, and care coordination
- Medical record review, documentation standards, and causation analysis

## EXPERT WITNESS EXPERIENCE

November 2020 – Present

Provide expert review and testimony in healthcare litigation involving adult inpatient care. Perform detailed medical record analysis, standard-of-care evaluation, and causation assessment. Prepare written reports and provide deposition and trial testimony. Regularly collaborate with legal teams and translate complex clinical concepts for non-medical audiences. Case experience includes diagnostic delay, inpatient deterioration, failure to closely monitor, medication-related injury, and hospital systems failures.

## CLINICAL APPOINTMENT

### Clinical Associate Professor of Hospital Medicine

Stanford University School of Medicine | June 2017 – Present

I provide direct inpatient care to medically complex adults in a tertiary academic medical center while supervising students and residents. I manage high-acuity cases requiring rapid diagnostic assessment, interdisciplinary coordination, and time-sensitive decision-making.
