“I am a board-certified pediatric anesthesiologist and associate professor of clinical anesthesia, practicing full-time at Cincinnati Children’s Hospital. Practicing at one of the best pediatric hospitals in the nation allows me to stay at the forefront of the most recent scientific developments in perioperative medicine. I have completed a pediatric neuroanesthesia and neurophysiological monitoring fellowship and have several years of experience performing both anesthesia and neurophysiological monitoring for patients undergoing complex procedures of the brain and spine. I have won several teaching awards from anesthesiology residents and fellows.”

FASA (Fellow of the American Society of Anesthesiologists) is a designation given to anesthesiologists that are leaders of the field in recognition of significant contributions and commitment to patient care, education, and the future of the specialty.
