Expert witness services since 2023 | Active medical licenses: New Jersey, New York, Pennsylvania | Contact information and fee schedule available upon request

---

## Professional Summary

Dual board-certified Internal Medicine and Pediatrics physician providing expert witness services since 2023. Clinically active across adult hospital medicine (admit/manage/discharge) and long-term acute care hospital (LTACH) practice managing medically complex, critically ill, and ventilator-dependent patients. Coordinates care with Pulmonary/Critical Care and all consulting specialties as indicated. Prior attending practice across adult and pediatric emergency medicine and pediatric hospital medicine. Teaching attending for residents and medical students, and physician executive (Medical Director; Chief Medical Officer & Chief Clinical Innovation Officer).

## Areas of Expertise

- Adult and pediatric acute-care standard of care; emergency department assessment, stabilization, diagnostic evaluation, and disposition
- Adult inpatient hospital medicine: escalation of care, clinical monitoring, consult timing, discharge planning, and transitions of care
- High-acuity post-acute / LTACH care: preventable deterioration, transfer appropriateness, interdisciplinary coordination, documentation
- Sepsis and serious infections; delayed recognition/treatment; complications; systems-based failures
- Medication management and patient safety: reconciliation, monitoring, adverse drug events, follow-up failures
- Care coordination failures: handoffs, communication, documentation quality, protocol adherence, and operational factors

## Expert Witness Services (Since 2023)

- Merit screening / initial case assessment
- Comprehensive record review with structured chronology/timeline (ED, inpatient, LTACH/post-acute, outpatient, labs/imaging, MAR, nursing notes, consults)
- Standard of care opinions (plaintiff or defense), including rebuttal reports as needed
- Causation analysis (injury mechanism and alternative explanations) and damages-informed medical analysis (clinical impact and future care considerations)
- Deposition and trial testimony (as retained)

## Clinical, Academic & Executive Experience

### Easterseals New Jersey | 08/2024 – Present

Medical Director (08/2024 – 02/2026); Chief Medical Officer & Chief Clinical Innovation Officer (03/2026 – Present)

- Lead statewide clinical strategy and medical operations for residential and day-habilitation programs serving ~3,000 individuals across >100 sites.
- Oversee provider governance and clinical quality standards; standardize escalation pathways and documentation to strengthen compliance, safety, and audit readiness.
- Drive clinical innovation and technology governance, including telehealth, remote monitoring, and data-driven risk stratification initiatives.

### HouseCall Doctors / Mobile Medicine NJ (New Jersey) | Current

Founder, CEO & Practicing Physician (home-based and telemedicine care; multispecialty physician group)

- Lead strategy, clinical operations, service-line growth, and compliance across home-based and virtual care delivery.
- Design scalable workflows integrating scheduling, documentation, billing, preventive-care tracking, and quality metrics.
- Remain clinically active, personally evaluating and managing patients in home and virtual settings.

- Also practice as an Internal Medicine hospitalist and as a long-term acute care hospital (LTACH) physician managing medically complex, high-acuity patients.

**Hackensack Meridian Health – John F. Kennedy (JFK) University Medical Center (Edison, NJ) & Raritan Bay Medical Center (Old Bridge, NJ) | 09/2019 – 02/2026**

Attending Physician: Pediatric Emergency Medicine (JFK), Pediatric Hospital Medicine (JFK), Adult Emergency Medicine (JFK), Adult Medicine Hospitalist (JFK & Raritan Bay)

- Supervised advanced practice providers (PAs/NPs); rapidly assessed and managed acutely and critically ill ED patients.
- Completed admissions and H&Ps; coordinated inpatient care and specialist referrals; ordered cost-effective, evidence-based diagnostics.
- Coordinated interdepartmental transfers and safe transitions of care; delivered detailed discharge planning and primary/specialty follow-up coordination.
- Performed bedside procedures including ultrasound, suturing, and joint relocations as clinically indicated.
- Taught and supervised Family Medicine residents and medical students; delivered didactic lectures (Emergency Medicine, Internal Medicine, Pediatrics).

**Carewell Health Medical Center (East Orange, NJ) | 04/2022 – 05/2023**

Attending Physician: Adult Hospitalist & Covering ICU Physician

- Supervised PAs/NPs; managed hospitalized and critically ill adult patients; coordinated specialist referrals and transitions of care.
- Ordered appropriate, cost-conscious diagnostics; ensured discharge planning and outpatient follow-up.

**The Children's Hospital at Saint Peter's University Hospital | 12/2022 – 01/2026**

Attending Physician: Pediatric Emergency Room (12/2022 – 06/2024); Medical Teaching Service – Internal Medicine Attending (07/2025 – 01/2026)

- Pediatric ED: Rapid assessment/management of acute and critically ill patients; evidence-based treatment; discharge education and follow-up coordination; interdepartmental transfers; bedside ultrasound, suturing, and minor procedures as needed.
- Medical Teaching Service: Inpatient clinical care; teaching rounds; resident/student mentorship; rapid response and code leadership; patient/family counseling.
- Educational activities: Case-based discussions, curriculum development, resident/student evaluation and feedback; journal club supervision.

**Hackensack Meridian School of Medicine (Nutley, NJ) | 04/2021 – Current**
